January 7, 2019

Greetings from Community of Hope, a 501(c)3 organization assisting homeless families with children. We offer emergency, transitional, and long term affordable housing, in safe, well maintained homes. These homes allow our families to stay together as they work to become self-reliant. Families like the Burris's, who came to us with their 3 children after living in a hotel for many months after their rental was sold. The Burris family moved into one of our transitional homes, and after 2 years qualified for our longer term affordable house, and have recently purchased their new home!

Supportive housing is just one aspect of our program. Working with partner agencies and volunteers, we're able to provide numerous services to ensure we meet all our client's needs. Services such as family financial planning, a child's health needs, or education enhancements, to name just a few. We're even blessed to be able to offer summer camp for our client's children, along with holiday and special event celebrations for family and friends.

Community of Hope currently maintains 34 homes in Brevard County. To continue our mission of housing families with children, we are hosting a gala event, themed "Every Picture Tells a Story". The event will be held on Friday May 31st, from 6 - 10pm, at the Hilton Rialto in Melbourne FL. We will have dinner, drinks, silent auction items, entertainment, and other exciting surprises to make our event a success.

Your sponsorship of this year's gala gives you the opportunity to be added to our story!

Attached is our sponsorship opportunity form. Please respond with your information by May 03, 2019, and thank you for your consideration. We are indeed a Community of Hope!

Contact us at 321-474-0966 or email: info@hopeofbrevard.com for any further information.

Thank you in advance for your support.
