

# Who We Are

Community of Hope is a local non-profit organization that seeks to end family homelessness in Brevard County. We work with families of all types, especially those with minor children, to find housing solutions that fit their needs. Community of Hope partners with a constellation of community organizations to provide a variety of services above and beyond shelter.

We provide a continuum of housing alongside additional services striving to meet each family's needs.

## Are you or someone you know in need?

- ◆ If this is an emergency, please contact **911**
- ◆ For compassionate needs assessment, please dial **211** for *Brevard 211*.
- ◆ *Brevard 211* can help to identify appropriate community resources and help make a list of referrals.

A non-profit organization dedicated to eradicating family homelessness in Brevard County

Our mission is to build hope and healthy families through a helping hand program of structured housing. Allow families with children to remain together in a safe and decent living environment so that they may grow strong, become self-reliant, transform their lives, and crush the cycle of homelessness and poverty.

# Our Housing Programs

With over 30 family units (and growing) that we maintain and rent to families in need, it is your help that enables us to provide stability when families need it most.

Additionally we provide case management, rapid rehousing, and other referrals as appropriate to support each family.

## Transitional Housing

A two-year program that is income based and focused on helping families move from shelters, motels, and other short term situations into a position to gain long term stabilization.

## Permanent Supportive Housing

A longer-termed program that focuses on families that have a fixed income or do not meet the guidelines for transitional housing. Many families will move on from the Transitional Program to the Permanent Supportive Program as they gain financial independence and grow.

## Safe Overnight Stay (SOS) Program

Designed for families facing homelessness for the first time and referred to us by Brevard 211, the SOS program is an extremely short term housing solution with highly targeted case management. It seeks to minimize the trauma to the family by working with community resources to help each family create a concrete set of “next steps” over the course of two weeks.

## Become a Community Partner

Whether you represent a corporate organization looking to support us in our mission through a partnership, grant, donation, or are an individual who wants to give back — we would love to work with you!

We are always eager to connect with the wider community so follow us online for the latest news and see how you can be part of the story!

”

“ We never thought we would be in a position where we would be able to breath and be able to set money aside for an emergency fund. Community of Hope gave us a second chance to keep our family together and to put a smile on our faces. It is so nice to see our kids laugh again and to have a room of their own.”
